RE: JUSTIN W. SAPINI

Motor vehicle accident on 04/23/2023, driver, sideswiped on the driver's side.

CLINICAL RATIONALE

The patient remains under care for cervical, thoracic and lumbar complaints, with left shoulder symptoms also recorded. Ongoing limitations affect comfortable movement and sustained activity.

MEDICAL NECESSITY

Home equipment is requested as an adjunct to the established conservative spinal care program between office visits. Its purpose is to support the existing home program for the documented spinal complaints.

SCOPE OF REQUEST

Equipment type, model and quantity are not specified in the supplied record information. No new device, procedure, diagnosis or equipment charge is created by this sample letter. Continue weekly care and reassessment.
